Hello,  
I will place a copy of the document with the plat. That document is in our permanent records and can be found on our public terminals through the document number (2004-2939) and the parties affirming the amendment (Ben, Tennison Engineering, and the Wasco County Surveyor). Let me know if you have and other questions.

Thank you,  
Angela

Hi Angela, thanks again for your help yesterday with finding records for me and how records are managed. I definitely felt more knowledgeable as I met with US EPA yesterday.

As to the document that was missing from Plat 91-0016, here's a copy of it that I had made way back (I know I have a cleaner copy somewhere else). If you have a copy elsewhere, could you make a copy and place it in the plate envelope?

Cheers, Fredrick
